Triathlon race Licences

All BTF athletes must produce their Triathlon race licences at registration. If you forget your licence, you will have to pay the £5 levy. Some rules we wish to highlight

- In order to avoid accidents, safeguard equipment and protect personal possessions, athletes must not bring helpers, friends or family members into any transition area.
- Every competitor must ensure that his or her cycle is in a safe and roadworthy condition and conforms to the specifications laid down in the technical rules.
- Helmets must be fastened before the competitor's cycle is moved from its allotted place in the transition area and must remain fastened until the cycle is returned to this position at the end of the cycle section of the race. Failure to do so may result in a time penalty.
- Competitors must mount their cycles and start riding only when the parts of both wheels that touch the ground are outside the transition area (ie at or beyond the officially designated cycle start). When returning to transition, competitors must dismount their cycle before any part of the cycle leaves the dismount zone, which should be clearly marked before the end of the cycle course. They may then walk or run with their bike to its allotted position.
- Competitors are not permitted to draft, (ie take shelter behind or beside another competitor or motor vehicle) during the cycling segment of races. Penalties will be issued when, in the opinion of the official, competitors, through their action or the action of others, attempt to gain, or receive, an advantage precluded by the rules. The draft zone is a rectangle measuring 7m long by 3m wide that surrounds every cycle on the cycle course. The front edge of the front wheel defines the centre of the leading 3m edge of the rectangle. A competitor may enter the draft zone of another competitor, but must be seen to be progressing through that zone. A maximum of 15 seconds is allowed to progress through the draft zone of another competitor. If an overtaking manoeuvre is not completed within 15 seconds, the overtaking cyclist must drop back out of this zone.
- All competitors must follow the normal rules of the road, obey all traffic signals and follow any instructions given by the police. Any infringement of the law and subsequent legal action is the sole responsibility of the competitor.
- Competitors are ultimately responsible for their own safety and for the safety of others. • During the cycling phase, a number must be displayed to the rear.
- During the running phase, a number must be displayed to the front.
- Juniors must have a parent present during the race.

There will be a short race brief before each race by the swim start.

Withdrawing during the race if at any point during the race yours feel the need to stop and pull out of the race please do not hesitate to do so. Find the nearest marshal who will help you get back to the event village. Marshals can also call for medical support should it be needed. It is important that if you withdraw you tell us you have done so, we want to know you're safe!

Spectator Information The course for all races is designed to be as spectator friendly as possible using a multi-lap format. There are plenty of areas from which to watch the action. All we ask is can you please keep the noise down if you are near any housing. There will be an area to the right of Registration near the lake that you can go to. This is also very near the Toilets and Catering. If you have any questions feel free to ask. Removal of bikes will only be allowed by the registered competitor on production of their race number.

Remove your bike as soon as possible after finishing. Care should be taken when removing your kit not to impede any racers. Presentation

The children will be at 1pm after the last child has finished.

We hope you all enjoy the events and have a safe race.

This is your race so if you have any comments on how we can improve the race please let us know. Good luck to everyone and have a great day.
